(Drop Everything And Read). Elementary classes will utilize this same concept at different times for similar type of activities designed to enhance students learning and understanding and reading. Identified jr/sr high students will be required to join the teacher(s) during this period for more “one on one” time on confusing concepts. All required students are expected to participate in this program. **Any student behind on assignments/homework come Friday morning will be required to attend Friday afternoon school from 12:05 – 1:00 pm.** This is intended to keep students on time with assignments and to try and prevent the feeling of exasperation and intimidation resulting from missing/late/incomplete assignments that keep piling up one after another. It’s our intent that with our Monday to Thursday FLEX periods, will assist with students staying on top of their assignments. **Regular Friday dismissal for junior/senior students with no lingering/missing/incomplete/poorly done assignments will continue to be at noon.** Students who are late two or more times in a week are required to attend Friday school to make up for lost learning time.

### 3. ATTENDANCE AND LATE PROCEDURES

- i. Students are expected to attend all their classes punctually. Regular class attendance is essential to satisfactory progress. Research shows that students who attend class daily outperform those who do not attend regularly. Regular attendance requires the co-operation of the home and school. For known medical/dental/funerals, the parents/guardians will inform the school prior to the student's absence of the reason for the absence and the expected length of the absence. These absences will be recorded on our records as "excused absences".
- ii. Activities such as shopping, haircuts, babysitting, hunting, etc will be recorded as "unexcused" and will require a parental note or phone call. Parents/Guardians will be informed of all unwarranted and unexcused absences, through an automated phone/email system.
- iii. Student attendance will be monitored by the Internet program PowerSchool. Parents can also monitor their child's marks and attendance via their home computer/cell phone. All usernames and passwords can be obtained from the school secretary.
- iv. Some parents take their children on holidays that exceed those granted by the Board of Education and Alberta Education. In these cases, no official sanction can be granted, and a student and their parents/guardians must accept full responsibility for the detrimental effects of missing regular classroom instruction. While it may be helpful for a student to receive the reading and work assignments from their teachers prior to their absence, such information does not imply school consent or permission for such absence.

### STUDENT LATES

- i. Each time a student is late for class, regardless of what period in the day, a white admission slip must be presented by the student to re-gain admission into class. Each time a white slip is handed out in the office, a record of it is kept in the office. For those students in grade 7-12, who are late twice in a week, the result will be an invitation to Friday afternoon school.

### 4. STUDENT BEHAVIOR

- i. Section 12 of the Alberta School Act states "A student shall conduct him/herself so as to reasonably comply with the following code of conduct:
  - ii. Be diligent in pursuing his/her studies;
  - iii. Attend school regularly and punctually;
  - iv. Cooperate fully with everyone authorized by the Board to provide education programs and other services;
  - v. Comply with the rules of the school;
  - vi. Account to his/her teacher for his/her conduct;
  - vii. Respect the rights of others.
- viii. Any student who attends an extra-or co-curricular activity sponsored by the school is subject to all school and division policies, regardless of the location or time of such activity.
- ix. Any student using alcohol, illegal drugs or tobacco products inside the school building or on the school grounds during the school day or while attending extra or co-curricular activities or who attends school while under

the influence of alcohol is subject to immediate suspension from school and could face expulsion.

- x. In all cases, where a judgment is required in the interpretation of these regulations, the principal shall have the final decision. Failure of the student to comply with these regulations constitutes an infringement upon the rights of other students and may result in suspension from school.

## 5. ASSEMBLY BEHAVIOR

- i. At all times, a student's behavior should be refined and courteous. An indication of the cultural level of a school lies in the conduct of its student body at an assembly. Whether guests are present or not, each student is personally responsible for the impression made by the school as a whole. Unacceptable conduct includes whistling, uncalled for clapping, boisterousness and talking during a program. Any student exhibiting such behavior will be asked to leave the assembly and will be reprimanded in a fashion determined by the school administration.
- ii. Student assemblies are held during the school day and when such assemblies are called, all students have a responsibility to attend. Leaving the school during an assembly requires checking out through the Office. Students that leave the school during the assemblies are truant from school and will be treated accordingly.

## 6. STUDENT DRESS

The appearance of any student is primarily the responsibility of the student and the student's parents/guardian. We expect students to maintain a type of appearance that is not distracting or detrimental to the educational process of the school. Attire which is overly revealing (halter tops, revealing tank tops, spaghetti strap top, cut-offs, spandex attire, short shirts which expose navel) or unclean, or any apparel with questionable, suggestive or offensive captions, language or drawings on them is not acceptable. Bare feet are not allowed in the school. Gym wear is acceptable only in Physical Education classes. Shorts, which are shorter than mid-thigh, are considered GYMWEAR and are appropriate only in gym class. The wearing of hats is not permitted inside the school building during the school day.

Judgment of the above will be the responsibility of the administration and staff and their decision is final. In such cases where a judgment is required, the student may be sent home to change or be removed from class for the day.

## 7. WEAPONS ON SCHOOL PREMISES

For the intent of this procedure a WEAPON is defined as any object, which could be used to purposefully or accidentally inflict harm or injury or intimidate any individual in the school environment. As well, ANY OBJECT used in a threatening or dangerous manner may be considered to be a weapon. The administration or staff shall be the judge as to whether an item is considered to be a weapon. Their decision is final.

- i. Under no circumstances shall students bring onto the school grounds or premises or have in their possession a weapon, or item that could be used

as a weapon, whether or not there is any intent to make use of such weapon.

- ii. Should a student be found in possession of a weapon, the following guidelines WILL BE USED in dealing with that student:
- iii. The student will be immediately suspended. The suspension may be for that day or longer.
- iv. The parents/guardians will be immediately contacted.
- v. A meeting will be held between parents/guardians and administration as soon as possible following the incident. The student will not be allowed back to school until this meeting is held.

- iv. Failure to abide by school procedure will result in appropriate action and may result in a student being suspended from school co-curricular or extra-curricular activities.
- v. If a decision on a trip must be made regarding this procedure, it will be made by the teacher, supervisor or coach in charge of the program.
- vi. All school fees must be paid or arrangements made, before students are allowed to go on school sponsored field trips.

## 9. STUDENT CONDUCT ON BUS

- i. The bus operator is in full charge of the bus and students are expected to obey the bus operator or an assigned monitor as they would any school official.

- iii. Students are expected to be seated while the bus is in motion and to keep arms and legs within the seating area. Under no circumstances shall any part of the body be extended out of the window.

## 10. SCHOOL SUSPENSIONS/EXPULSIONS

- i. Suspension is the temporary dismissal from a class or from school. Expulsion is a permanent removal from school and always involves the Superintendent and the Board of Education.
- ii. When a student is suspended from a class for more than one class period, he/she will be referred to the administration. Parents will be notified of this IN SCHOOL SUSPENSION, stating the reason(s) for and length of the suspension. This notice may be made by telephone or in writing.
- iii. When a student is suspended from school parents will receive written notification stating the reason(s) for and length of time of the suspension. The Superintendent of Schools will also be informed of each suspension.
- iv. During a suspension, the student may not enter the school or be on school grounds for any reason or participate in any school-sponsored activities.
- v. A student who has been expelled may be re-admitted the following year only by the approval of the Board of Education.

## 11. REPORTING PROCEDURES

It is the procedure of the Stirling School that student's progress be reported to parents/guardians during the school year. ### Stirling School Athletic Code of Conduct

#### ***Mission Statement***

The mission of the Stirling School's Athletic Program is to create an educational and competitive experience within an atmosphere of sportsmanship. We strive to develop and realize individual and team potential by promoting high standards of competence, character, civility, and citizenship.

#### ***Athletic Philosophy***

Stirling School believes athletics are an integral part of a student athlete's total education experience. The success of our athletic programs is based on our student athletes' abilities to balance their participation with their academic requirements. Academic achievement comes first. In athletics, our goal is to provide a safe, structured environment where student athletes can develop responsibility, work ethic, trust and loyalty, self-esteem and self-discipline.

This document serves to inform students and parents about the guidelines, policies, and regulations of the Stirling School Athletic Department. It explains expectations for athletes at Stirling School. One of the primary roles of the high school athletic department is to oversee the conduct of our student athletes. We urge parents to take an active part in the guidance and supervision of their son or daughter while supporting the schools in our endeavor to develop positive and productive citizens.

This document reflects our belief that the essential requirement for teamwork, the mental and physical challenges of training and competition, and the experience of winning and losing graciously and respectfully are important life lessons in every student's developmental experience. These lessons will serve students well in their future beyond Stirling School.
